SNACK ATTACK *S'mores in the great indoors*

With your microwave and a few spare seconds, you can make deliciously melty S'mores that are easy to make for any occasion!

How to make it

Place ½ a Graham Cracker on a small microwaveable plate. Top with ¼ of a Milk Chocolate Bar and one large Marshmallow.

Cook in your microwave on high for about 8-10 seconds or until marshmallow puffs and grows.

An adult should remove the plate from the microwave, top with the other graham cracker half and gently press down on the gooey marshmallow. Let cool a bit before eating.

Please note: S'mores can be hot. Adult supervision recommended.
