July - Sept. 2020

# Back to School Tips

1. Get back into your sleep routine. To help eradicate those stressful school mornings, set up a regular bedtime and morning time routine to help prepare for school. Begin your usual school sleep routine about a week or so before school starts.
2. Shop for school supplies. To get excited about starting a new grade, shop for supplies together. Pick out your own backpack, lunchbox, etc.
3. Set up a homework station. Designate a time and place where you can do your homework each day. This can be somewhere quiet like in the den, or even in the kitchen.
4. Re-establish school routines. Practice getting back into the rhythm of their daily school routine. You can do this by waking up at the same time every day, and eating around the same time you would at school. About a week or so before school starts, plan a few outside activities where you will have to leave and come home around the same time you would if you were in school. This will help you be rested and ready for the big day.
5. Turn off the TV and video games. Your summertime may have been filled with endless video games and TV programs. Ease back into the learning process by turning off the electrics and enjoy time spent reading or playing quietly.

## EARN MORE MONEY WITH YOUR

# Star Savings Club Savings Account

**Do you earn an allowance? Maybe you receive extra money for birthdays, holidays, or special achievements.**

Do you know that you can also make money when you put money in your Star Savings Club Account? The money you put in your Star Savings Club savings account earns interest. "Interest" is money that the credit union pays you for keeping your money on deposit with Rocket City. That means your money grows faster in an RCFCU Star Savings Club savings account than it does sitting in your piggy bank.

2200 Clinton Avenue  
Huntsville, AL 35805

Qualifications must be met on all loans. Rates and loan availability subject to change without notice. Your loan interest rate will be determined by your credit worthiness as well as other factors, such as the length of your loan. Savings Federally insured to \$250,000 by the NCUA.
